

Sharing our Learning about HOLY WEEK with family whānau

- **Look at the image and use it** to help you explain what happened on each day of Holy Week. Share it with your family whānau. Ask them to tell you what they know about the Holy Week stories.

- **Talk about how your family welcomes people to your home.** Share the story about how Jesus was welcomed into Jerusalem on Palm Sunday. Recall some different ways people welcome others.

- **Make up a play about the Last Supper and act it out for people at home.** You could use the bible stories to help you with the play. Set the table and prepare what you will need for the play and what actions and words will be used. Remember to include Jesus' message about caring for others.
- **Have a conversation with someone at home** who knows about Holy Week and plan to have a Last Supper meal together and talk about Jesus' Last Supper with his disciples.

- **Make up your own way** of showing and sharing what you have learned and decide who you would like to share it with.
